### WEATHER RELATED ADJUSTMENTS DURING THE TOURNAMENT

In the event of adverse or threatening weather or un-playable field conditions once the games begin, the Finger Lakes Lacrosse Tournament Director reserves the right to any of the following:

- Cancel further play
- Reduce game times in order to catch up with schedule
- Interrupt and suspend games as necessary
- Start games at the point of interruption at the earliest opportunity
- Finish a game before inclement weather arrives or to preserve field conditions in which the game will be considered final

Officials **WILL FOLLOW** established safety rules and suspend the game(s) for the appropriate intervals of time if there are lightning strikes in the vicinity of the event. NFHS rules will apply.

**NO REFUNDS** will be issued due to weather related adjustments once the tournament has started.

### TOURNAMENT RESUMPTION

If after the weather pattern has subsided and play resumes, the format of the tournament may be altered based on length of time of the stoppage during the weather interruption. This may include:

- shortening the game lengths
- playing one continuous period
- changing of field assignments

This decision will be decided by the Finger Lakes Lacrosse Tournament director with fairness and concerns taken into consideration for everyone involved. The Finger Lakes Lacrosse Tournament director requests that all players, spectators, and fans please use common sense when any weather related delay is in effect. Please vacate the fields and field aprons and find safety in your vehicles. There will not be available shelter. **PLEASE** do not seek shelter under a tent or tree during lightning storms. We request that team coaches and administrators ensure that their teams vacate the fields and team areas as quickly and orderly as possible.
